Laut Brothers,
GROCERIES, HARDWARE,
IMPLEMENT, HARNESS.

CROSSFIELD MEAT MARKET

Fresh and Cured Meats and Fish always on hand

Try our noted Homemade Sausage, fresh daily.

Phone 24. Highest Price Paid for Hides and Poultry.

TIMS & CUMING, Props.

Ivor Lewis

Sole Agent for the Famous
GALT COALHard Coal and Briquettes always
on hand.Fire Wood. Drayng.
Crossfield, Alberta.

CROSSFIELD GARAGE

Machinery Repaired. Auto's Stored.
Tyres Vulcanized. Presto Lite Tanks. Oil and Gas.

AGENT FOR -

Massey Harris Farm Implements.

Local and General

Mr. G. T. Jones, of the local bank returned to town on Tuesday morning after spending a few days with friends in Calgary.

Miss G. Halliday left Crossfield on Monday for Calgary, having secured a situation in that city.

Mrs. D. Oritkes was a visitor to Calgary over the week end.

Private Donald Matheson was in town for a few days visiting his old friends.

Miss A. Halliday left Crossfield on Tuesday afternoon for Calgary, where she will spend the remainder of the week.

Mr. C. McKay visited Calgary by car on Sunday, returning same day.

Mrs. Morgan and Miss Williams, both of Calgary, were visitors with Mr. and Mrs. Edwards during the week end.

Miss E. Colling paid a visit to Calgary to see her mother, who is in hospital.

Mrs. Jose is spending the week with friends in Calgary.

Church of the Ascension:--First Sunday after Easter, April 30th, Evening Prayer and Sermon at 7.30 to be conducted by Rev. F. R. B. Leacroft, of Calgary.

BAPTISTS.

Leslie Albert, son of Thomas Henry and Alice Alberta Barnes, of Sampsonton.

Beryl Mary, daughter of Marmaduke Shirley and Maud Agnes Matthews, of Sampsonton.

Crossfield commemorated the battle of St. Julian on Saturday, Sunday and Monday. Many flags were to be seen flying. Crossfield had sad recollections of that engagement, for it was in that we lost Col. Boyle. Merrick Thomas also lost a brother there.

Mr. Morrow and Miss Gesner represented Crossfield at the Teachers' Convention held at Edmonton this week.

W. A. -- The Annual Business Meeting of the W.A. will be held at the home of Mrs. I. Lewis, on Saturday, May 6th, at 3 o'clock. All of the members are asked to make a point of attending.

The Fair Prize List is in the hands of the printer, and the Directors would like all the Special Prizes included. Anyone who intends giving a special prize would greatly oblige by letting the Secretary, Mr. James Cavander know as early as possible.

P. L. McAnally late of Crossfield, now of Edmonton, was a visitor here this week.

Ed. Meyers has purchased the purebred Clydesdale stallion Drumsheugh and he will have him on the road for the season. He is a good stamp of a horse and should give a good account of himself.

H. R. Arnold, of the Cash Store, wishes to inform his numerous customers and the public, that he has moved one door west. His new premises give him more room, and he will be better able to cope with the wishes of the public.

NOTICE!

Farmers Insure your Crops against Hail with Chas. Hultgren, Exclusive Agent for the "Home," with \$38,000,000 assets, also the Canada Society and other Companies. In case of loss you get settlement in full--no pro-rata or deferred payments here. Again--Insure Early, Respectfully,

CHAS. HULTGREN.

Now Is Ideal Time

TO HAVE us put Eavetroughing on your House Barns or other Buildings. We build it on the Building. It saves the rain water and it saves your building.

TO HAVE a Storage Tank Build to save the soft water. We build any size from 50 to 2,000 gallons capacity.

Let us Estimate on these or any other

SHEET METAL WORK
you require.

TO BUY your BARN OR HOUSE PAINT, you will buy cheaper now than after seeding. All Paints have advanced, but from stock we quote Spring Prices.

All Classes of Goods are advancing.---Anticipate your wants and buy now.

W. McRory & Sons

HARDWARE SPECIALISTS AND HEATING EXPERTS.

**What is
Your Best Horse
Worth to You?**

Get your best horse is just as
lucky to be a Sparin, Kingbird,
Sprint, Curb or lameless as your poorest!

**KENDALL'S
SPAVIN CURE**

Has saved many thousands of dollars in horse
fees by entirely curing these ailments.

Now you can get the same results
at a fraction of the cost.

"I have been using your Spavin Cure and find
it the best of the best remedies. It completely cured
my horse of his spavin. I believe in it now."

"Don't chance with your horses. Keep a
bottle of Kendall's Spavin Cure in your pocket."

"Treatment is safe, free from danger or
harm."

Dr. E. J. KENDALL CO., Enosburg Falls, Vt., 103

Making Ourselves Useful
The picnic season is at hand. When to the music of the band we'll journey to the wooded lot And in some cool, secluded spot Will find the hungry chillets.

Minard's Liniment Cures Dandruff.

The winter was one of sketching
and painting and a very picturesque
old house in a village we passed
through he asked a laborer if it was an
old man's house.

No, sir, that it ain't—it's an old widder woman as lives
there."

Watch Wizard Brookbank make it pos-
sible for us to pick figs from thistles.

STOPPED SHORT

Taking Tonics, Built up on Right
Food

The mistake is frequently made of trying to build up a worn-out nervous system on acid-tonic tonics.

It is better to reconstruct or rebuild
used up tissue cells is what should be
supplied, and this can be obtained only
from proper food.

"I found myself on the verge of a
nervous collapse, due to overwork and
study, and to illness in the family,"
writes a young mother.

Friends became alarmed be-
cause I grew pale and thin and could
not sleep nights. I took various tonics,
but they failed to do me any good. After
a short time I began to feel better.

"Reading of Grape-Nuts, I determined
to make the tonic and see what a
result of diet would do. I took a box of
Nuts four times a day with cream, and
drank milk also, went to bed early af-
ter taking a box of Grape-Nuts."

In about two weeks I began to sleep
soundly. In a short time gained weight
and felt like a different woman. Grape-
Nuts and fresh air were the only
tonics that did me any good."

"Every read the above letter? A new
one appears from time to time. They
are genuine, true, and full of human
interest."

W. N. U. 1928

RHEUMATISM A MYSTERY

Unless Rooted Out of the Sys-
tem It Grows Worse and
Worse

Some diseases give immunity from
another attack, but rheumatism is not one of
these. Every attack of rheumatism invites another. Worse
than that it reduces the body's power
so that each attack is worse than the
last. The disease which needs
treating early is rheumatism, but there
are few cases physicians find more
difficult to treat successfully. Yet
we are not to say that rheumatism
was once thought, though weather
conditions may start the aches and
pains. Rheumatism is now known to
be a disease of the blood. Doctors and
medical authorities agree
that the blood becomes thin with
alarming rapidity as rheumatism de-
velops. The blood is, therefore, a reasonable
way of preventing and curing rheum-
atism. That it works out in fact is
shown by the following case. A man
follow a fair use of Dr. Williams' Pink
Pills. These pills actually make new,
rich blood. When the blood is
thinner, the poison and when the blood
is kept in this condition there is no
danger of the trouble returning. Mr.
W. E. Peck, M.D., says, "I was
attacked with a rheumatism which
was ultimately pronounced rheumatism.
Often I was barely able to crawl into bed, and seldom able to do so
without help. I was lame for a
doctor for a year, absolutely getting no
better. Then I consulted another doctor
who told me he had never seen a case
which I could get rid of. He said the
pills would be a cradle for life. He pre-
scribed dieting, and I followed with him
for at least six months, but in
stead of getting well I became weaker
and less able to get around. Then I
decided to try a doctor in Toronto, and
was under his treatment for about
four months. When he had seen me
give up the doctor and tried other
remedies which were equally futile.
Then one day store keeper sent
him a box of Williams' Pink Pills.
I was saying, that if they did not help me I
need not pay for them. I took them
and they did help. I paid him \$10
used \$10 worth before I fully
cured, but they did cure me and were
cured as completely as with the other
pills which did not help. My cure
was made several years ago, and I
have not had twinges of rheum-
atism since. Today I am well and
strong. I believe I owe it all to
Dr. Williams' Pink Pills."

You can get these pills through any
useful druggist in the city, post paid,
at 50 cents a box or six boxes for
\$2.50. From Dr. Williams' Medicine Co.,
Brooklyn, Ont.

If a small could make up to look like
a race horse it would find plenty of
race ready to be on it.

Away With Depression and Melancholy

—These two evils are the accom-
paniment of a disordered stomach
and torpid liver and mean wretched-
ness, misery, depression, etc.

The easiest and speediest way to combat
them is with Parmelee's Vegetable Pills,

which will restore the healthful action
of the stomach.

They have proved their usefulness in thou-
sands of cases and will continue to
give relief to the suffering who are
wise enough to use them.

The pite would retire from the
the vanquished and binding up the
wounds to the heart. The women
were to fight it with the kind of ples
that mother used to make.

Deafness Cannot Be Cured

By becoming deaf, they cannot reach the
disposed portion of the brain, and that is
why they cannot hear. There is no way
to cure deafness, and that is by constitutional
condition of the missing link of the *heastach*.

There is no way to cure deafness, and that is
why they cannot hear. There is no way to
cure deafness, and that is by constitutional
condition of the missing link of the *heastach*.

We will give One Hundred Dollars for any
cure of deafness, and that is by constitutional
condition of the missing link of the *heastach*.

Sold by Druggists, etc.

Take Hall's Family Pills for constipation.

Likely Place

Katherine is employed in a news-
paper office.

"Have a cough drop," she said.
The other girls each accepted a
lozenge.

"Is it a cold?" they enquired.

Katherine nodded.

"Where'd you get it?"

"In the circulation department, of
course," Youngstown Telegram.

Minard's Liniment Cures Burns,

Etc.

No More Than Natural

"That girl may be a popular favor-
ite, but she is entirely too prominent,
and she is a spectacle."

"She's a sight!"

"It's right!"

"It's right!"

"It's right!"

"Come across with the coin?"

"No; he came across the street and
bluffed me one when I mentioned it."

Cross When He Came

"Did he come across?"

"I should say he did."

"I should say he did."

"I don't get you."

"Come across with the coin?"

"No; he came across the street and
bluffed me one when I mentioned it."

**Britain Handles Mail
As Fast as Possible**

The enormous number of parcels of
merchandise seized from the parcels
post while en route to and from the
United States are being dispersed of
as rapidly as possible by the British
authorities.

Parcels considered innocent after a
preliminary examination are sent on
as quickly as possible to their desti-
nation. Others are held for examination
which are subject to suspicion
and these are sent through the usual
court procedure to which goods
are sent in ordinary transit must
submit.

The procurator-general of the prize
court is now trying to get information
from the managers of parcels con-
sisting of goods destined to be sent
to the U.S. in order to ascertain
if these were shipped under arrange-
ments whereby the British govern-
ment paid American importers to
ship certain kinds of goods from Ger-
many.

Women Workers On The Farms

How the Fair Sex in the Old Country Are Helping on the Farm

As a result of the depletion of farm laborers in Great Britain, women are responding nobly to the call for workers to take the place of men who have joined the色兵。According to the London Spectator, a correspondent encloses a letter from a young lady who is now doing farm work. The writer says:

"As a preface I may state that the writer is young, and that both she and the friends she alludes to are ladies of position, and that she has written this letter for the publication, suppressing names and locality, as she has no taste for self-advertisement, but some of the local papers used to print it. I think you will like to have it. Then this is what the young lady wrote:

"Dear Mr. H.—I wonder if it would interest you to know what we are doing down here? I feel that I must take up a 'war job' of some kind, and as they are frightening short of men on the farms down here I offered to go into the service. I have been working on the field of the Wold farm since July, and I expect to stay on for some time. I live in the field with the men, and work 11 miles from here, a bicycle home for Sunday. I work from 6 to 6, and get 16s. a week, 10s. of which is deducted for my bed and lodgings. I have not been doing just the same things as an ordinary man would do. A friend came with me, and between us we started a hedge-laying enterprise, which in ten days we were paid a per acre for those. We have also weed-ed, weeded, stoked during the harvest; led teams and helped on the steam-driven horse-rail, and recently I have been scuffing turnips, harrowing with two horses, helping to thresh, by carrying away the straw. This represents a difference of over 200,000s.

"The unexpected early call for married men has brought a great many complaints to the newspapers, particularly with regard to the large percentage for desertion, the number of dead in the German lists of missing is not less than 100,000, making a total of 310,000.

"To this figure must be added a certain proportion of missing. The number of prisoners is precisely known to the authorities, and is given as a small percentage for desertion, the number of dead in the German lists of missing is not less than 100,000, making a total of 310,000.

"That is not all. Apart from the lists published by the German government, the French government has amassed a large body of evidence based on the average deaths per 1000 mobilized men at a given time. These figures, however, the German official lists are deliberately falsified or intentionally inadequate.

"In the early months of the war these private and official lists were in fairly good agreement, but since January 1915, there has been a marked discrepancy.

"The official lists give an average of 20 per cent less than private lists. This represents a difference of over 200,000s.

"It is a matter of mathematical certainty that the German empire has lost over one million dead alone to the end of last year."

Germans Lose One Million Men

Official Lists of Casualties Are Now Being Deliberately Falsified

The German official casualty lists give a total of 651,768 dead to January 31, 1916. The average delay before the death of the German soldier and the appearance of his name in the official lists is from four to six weeks.

The above figures, therefore, can hardly include casualties later than

To this figure must be added a certain proportion of missing. The number of prisoners is precisely known to the authorities, and is given as a small percentage for desertion, the number of dead in the German lists of missing is not less than 100,000, making a total of 310,000.

That is not all. Apart from the lists published by the German government, the French government has amassed a large body of evidence based on the average deaths per 1000 mobilized men at a given time. These figures, however, the German official lists are deliberately falsified or intentionally inadequate.

In the early months of the war these private and official lists were in fairly good agreement, but since January 1915, there has been a marked discrepancy.

The official lists give an average of 20 per cent less than private lists.

This represents a difference of over 200,000s.

It is a matter of mathematical certainty that the German empire has lost over one million dead alone to the end of last year.

Recruiting Facts And Figures

Analysis of Nationality, Occupation and Religion of Recruits in the 100th Battalion, Winnipeg

Some very interesting recruiting figures are provided by Major G. M. Reid, of the 102nd Battalion, Winnipeg, in his report on the rapid organization for service overseas. These facts and figures indicate that so far as the One Hundredth is concerned the majority of these recruits come to be Englishmen. An analysis shows:

English	47%
Canadians	27%
Scots	12%
Irish	7%
Others	7%

The "others" include Welshmen, Americans, and Scandinavians.

That married men are still enlisting in large numbers is shown by the fact that of several hundred men whose names were taken, 33% were married men and about two-thirds of these had families.

The ratio of recruits to the One Hundredth is 100 to 100, and the strict standard maintained by the battalion.

Slightly under 40% of all applying have been unable to pass the tests, and the individuals who did not manage to serve as commandants, but on active service physical fitness is a first essential.

It should also be mentioned that the junior element of a community is displaying great keenness to take a hand in the game. Three times as many drivers as chauffeurs have enlisted as the One Hundredth can use.

It is appropriate that the One Hundredth, raised by the well-known Winnipeg unit, should attract a high proportion of Winnipeg men. But it is particularly worthy of note that no less than 100% of the total strength so far are actual natives of the city being born in Winnipeg.

Under the heading "Occupation," Major Reid has also elicited a careful analysis reveals the following varied classification and it is noticeable through the sub-headings that the majority of men in the One Hundredth are men in trade.

Former occupations of men enlisted in the 100th Battalion:

Shilling men	6%
--------------	----

Farmers and Ranchers	18%
----------------------	-----

Clerk Bank Clerks, Book-keepers, etc.	18%
---------------------------------------	-----

Trade men	10%
-----------	-----

Professional and Business Men	9%
-------------------------------	----

Railway Employees	8%
-------------------	----

Engineers, civil and mechanical	8%
---------------------------------	----

Carpenters, Moulders, etc. 7%

Miscellaneous	16%
---------------	-----

Men in trade and occupations are grouped together under the headings "Professional and Business Men" and "Miscellaneous." Some of the most interesting figures are those of steel workers, building contractors, building subcontractors, commission brokers, school masters, college students, accountants, engineers, chemists, pharmacists, dentists, grain buyers, artists, printers, stone cutters, miners, florists, gardeners, moving picture operators, etc.

It is interesting to observe the varied entries under the heading "Religious Denominations."

The Church of England leads with almost half the churchmen in the One Hundredth.

It is a coincidence that there is precisely the same proportion of Englishmen in the battalions as there are in the battalions of England, viz. 47%.

The ratios are:

Church of England	47%
-------------------	-----

Presbyterian	24%
--------------	-----

Methodist	10%
-----------	-----

Roman Catholic	10%
----------------	-----

Baptist	1%
---------	----

Other denominations	5%
---------------------	----

With the English eighteenn-pouncers and the solanois-quinzees of France!

The Dominion Experimental Farms

This Valuable Agricultural Report Is Ottawa

A notable addition has just been made to the agricultural literature of Canada, in the form of Volume 1 of the annual report of the Dominion experimental farms, which was issued on March 21, 1915, just issued from the press. This contains the report of the director, which gives a brief but complete account of the work of the experimental farms, followed by the detailed reports from the divisions of chemistry, field husbandry and animal husbandry.

Volume 1 will be followed almost immediately by Volume 2, containing detailed reports from the divisions of horticulture, of which a new system of distributing the reports is being adopted.

Beginning on April 12 with the younger groups the men of 24 to 35 years of age will be called out, and subsequently the men of 36 to 40 years of age, to be called out, and subsequently the men of 41 to 45 years of age, to be called out, and subsequently the men of 46 to 50 years of age, to be called out, and subsequently the men of 51 to 55 years of age, to be called out, and subsequently the men of 56 to 60 years of age, to be called out, and subsequently the men of 61 to 65 years of age, to be called out, and subsequently the men of 66 to 70 years of age, to be called out, and subsequently the men of 71 to 75 years of age, to be called out, and subsequently the men of 76 to 80 years of age, to be called out, and subsequently the men of 81 to 85 years of age, to be called out, and subsequently the men of 86 to 90 years of age, to be called out, and subsequently the men of 91 to 95 years of age, to be called out, and subsequently the men of 96 to 100 years of age, to be called out, and subsequently the men of 101 to 105 years of age, to be called out, and subsequently the men of 106 to 110 years of age, to be called out, and subsequently the men of 111 to 115 years of age, to be called out, and subsequently the men of 116 to 120 years of age, to be called out, and subsequently the men of 121 to 125 years of age, to be called out, and subsequently the men of 126 to 130 years of age, to be called out, and subsequently the men of 131 to 135 years of age, to be called out, and subsequently the men of 136 to 140 years of age, to be called out, and subsequently the men of 141 to 145 years of age, to be called out, and subsequently the men of 146 to 150 years of age, to be called out, and subsequently the men of 151 to 155 years of age, to be called out, and subsequently the men of 156 to 160 years of age, to be called out, and subsequently the men of 161 to 165 years of age, to be called out, and subsequently the men of 166 to 170 years of age, to be called out, and subsequently the men of 171 to 175 years of age, to be called out, and subsequently the men of 176 to 180 years of age, to be called out, and subsequently the men of 181 to 185 years Are Worth Their Weight in Gold

WHAT MRS. BROWN SAYS OF DODD'S KIDNEY PILLS

New Brunswick Lady Feels It Her Duty to Tell Women That Dodd's Kidney Pills Are the Best Remedy She Ever Used.

Miscou Harbor, Gloucester Co., N.B. --(Special to the) Dodd's Kidney Pill is worth its weight in gold.

This is the statement of Mrs. James Brown well known and highly respected here.

It would be ungrateful on my part if I did not tell what a blessing Dodd's Kidney Pills have been to me," said Mrs. Brown continued. "I was bed-ridden for months from rheumatism, sore back. Then I began to use Dodd's Kidney Pills and I found them the best remedy I have ever used.

Women in New Brunswick who are telling of pains relieved and health restored by this great Canadian kidney pill. Dodd's Kidney Pills are suffering women's best friend, because they act directly on the kidneys. They tone up the kidneys and put them in condition to do their full work of the blood. Nine-tenths of women's troubles come from diseased or disordered kidneys. There is abundant evidence on every hand that Dodd's Kidney Pills cure all Kidney troubles.

Painful Interlude

Train conductor--"What are you doing here? Who let you on?"

Nervy Needham--"I told the porter to make me berth up out here. I'm so used to me sleeping porch I have to do it, you know."--Chicago Daily News.

Worms are encouraged by morbid conditions of the stomach and bowels, and so forth. Miller's Worm Powder will always remove worms immediately and will sweep the worms away. No destructive parasite can live in contact with this medicine, which is a safe, natural and non-poisonous health-giving medicine most beneficial to the young constitution, and as such has no superior.

Deadly Work of the Navy

The chairman of a lecture on the British navy in London the other day related the story of a ship which within the last few weeks was sent to the bottom by a mine. It was captured by a Bulgarian garrison and ordered to disperse it. They laid the mine on the building in which the troops were housed, so secure was the shelling and so deadly the fire that within forty minutes of the time when the attack began there was not a soul left alive. There was reason to believe, a single one of the many thousands of men who had a short half hour before had been in the full vigor and strength of life.

Strength Past Fifty Years

can be maintained by adapting the right nourishment, and Nature's own oil-based in Scott's Emulsion has strengthened thousands of men and women to continue their work and usefulness for many years.

Scott's Emulsion is a food a medicine and a tonic to keep the blood in good condition and thwart nervous conditions. It is free from injurious acids or any harmful drugs. The best physicians prescribe it.

I STOPPED MY CATARRH SUFFERING OVER NIGHT

Gladly Tell How -- FREE

Heals 24 Hours of Every Day

It is a new way. It is something absolutely different. No lotions, ointments, poultices, or any apparatus of any kind. Nothing to smoke or inhalate. No electric currents, no massage. No powder, ointment, or any other preparation in the house. Nothing to buy. Nothing to do. Something new and different. Something instantly successful. Something that you can wait, and linger, and think about. You can stop it over night -- and I will gladly tell you how. I am not a doctor and this is not a medical treatment. I am not a quack. I am not a charlatan. I am not even a quack. I am not a quack, and my friends are cured and you can be cured. I am not a quack, and you can be cured. I am not a quack, and you can be cured.

IN FREE -- YOU CAN BE FREE

My catarrh was filthy and loathsome. It made me ill. It dulled my mind. It undermined my health. It caused me to sneeze, cough, and sometimes to vomit. It caused me to have a runny nose, and my eyes were always watery. I made even my loved ones avoid me secretly. My health was so bad that I could not work.

I knew that in this condition I would not live many more years. Because every moment of pain was a reminder of my failing health, and my vitality. But I found a cure, and I am not a quack, and you can be cured.

Send me a post card and I will give you my name and address.

RISK JUST ONE CENT

Send no money. Just your name and address and a postal card. Say: "Dear Sam Katz, Please send me your free book, 'How to Cure Catarrh', and for FREE, book to Dr. Le Clerc, 142 Mutual Street, Toronto, Ontario." I will be pleased to mail it to you.

142 Mutual Street, Toronto, Ontario.

World's Horse Shortage

In the United Kingdom there was a reduction of 142,000 in the number of horses last year. In France there was a decline of a million in the last year and a half, and in Canada an increase of 45,000 in the year just ended.

After a few years the storage egg must begin to think that this is a cold world.

Look up Seed Potatoes Now

Owing to the heavy losses in potatoes by blight last year, growers are advised by the Department of Agriculture to immediately reserve for seed purposes the quantity, and a little more to make allowance for further losses through rot, required for seed purposes. These should be selected tubers, sound and free from any sign of rot or decay, of uniform size and pure in variety. They should be kept well cooling in a well ventilated and cool place of storage, spread out in a layer not more than three potatoes deep. There can be little doubt that farmers who have a good quantity of sound seed potatoes on hand will obtain a high price for them when others begin to realize the scarcity of such seed.

Senior--I don't know.

Teacher--Correct.

Asthma Doesn't Wear Off Alone

Do not make any mistake of waiting for asthma to wear away by itself. While you are waiting the disease is likely to gather strength foothold and become a dangerous and powerful enemy. If you have asthma, and you stronger attacks Dr. J. D. Kellogg's Asthma Remedy taken early, will prevent incipient condition from becoming chronic and saves hours of awful suffering.

Twins

"Well, doctor," said Mr. Yearwood, "the medical man finally came forth, "now we have the cost of living increased?"

"Two-fold!" laughed the doctor, slapping the happy (?) man on the back.

CROSS FRETFUL BABIES

The cross fretful baby is a sickly baby--the well child is always happy and smiling. Mothers if your baby is cross and cries a great deal something is wrong. His clothes, his stockings, and hose may be out of order; his teeth troubling him, or he may be bothered with worms. The mother should immediately give him Dr. Williams' Tablets. They never fail to relieve the baby. Concerning them Mrs. Ronald G. Gillis, M.B., B.S., writes: "I know of nothing going for babies, cross babies as Baby's Own Tablets and I am pleased to recommend them to other mothers. The Tablets are sold by Dr. Williams' Medicine Co., Brockville, Ont."

The cheese output of Manitoba, which had been declining before the war, jumped from 400,000 pounds to 1914 to 725,000 pounds in 1915. The output of creamy butter increased by 1,000,000 pounds in the same time.

Mrs. Geo. Chisholm, R.R. No. 1, Grafton, Ont., writes: "I have used Dr. Chase's Nerve Food for my little girl for what the doctors pronounced Chorea, a disease of the nerves, a common family disorder, and gave her a liquid medicine, but do what we could, we could not get her to swallow it. A neighbor advised the use of Dr. Chase's Nerve Food, and, taking in pills form, she took it without any trouble. She was seven years old, and got pale and run down. The muscles of the face were affected, and she became a pitiful sight. She required to be supported and under this treatment she was entirely cured by using six boxes. She is nine years old now, and you cannot find a larger, healthier-looking child for her age. I shall always be grateful to Dr. Chase's Nerve Food has done for us, and I can recommend it to all nervous people. You are at liberty to use this statement, so that others may benefit."

In children nervous exhaustion frequently takes the form of rickets, St. Vitus' dance. In less advanced stages there are nervousness, excitability and irritability.

All such conditions indicate the need of Dr. Chase's Nerve Food to enrich the blood and nourish the starved and depleted nerve cells. Being natural and gentle in action, and at the same time powerful in its restorative and reconstructive influence, this food cure is admirably suited as a treatment for weak, puny, nervous girls and boys. It makes them strong, hearty and robust, and enables them to develop into healthy and useful men and women.

50 cents a box, 6 for \$2.50, all dealers, or

Right Sort of Growth
While an increase in the number of persons who till the soil will not increase the value of a model of the land, increasing the factors of human labour will increase the number of consumers who demand the bushel of corn.

Production and Thrift

"GAIN or no gain the cause before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle."—HON. MARTIN BURRELL, Minister of Agriculture.

THE FOLLOWING STATEMENTS ARE BASED ON REPORTS CONTAINED IN
"THE AGRICULTURAL WAR BOOK, 1916," PUBLISHED BY THE
DEPARTMENT OF AGRICULTURE, OTTAWA, ONT.

LIVE STOCK—The herds and flocks of Europe have been greatly reduced. When the war is over there will be a great demand for breeding stock. Canadian farmers should keep this in mind.

MEATS—In 1915 Great Britain imported 664,508 tons of beef, mutton and lamb, of which 364,245 tons came from without the Empire. Out of 430,420 tons of beef only 104,967 tons came from within the Empire.

The demands of the Allies for frozen beef, canned beef, bacon and ham will increase rather than diminish. Orders are coming to Canada. The decreasing tonnage space available will give Canada an advantage if we have the supplies.

DAIRYING—Home consumption of milk, butter and cheese has increased of late years. The war demands for cheese have been unlimited. The Canadian cheese exports to Great Britain in 1915 were over \$6,000,000 over 1914. Price at Montreal—Cheese: January 1915, 15½ to 17 cents; January 1918, 18½ to 18½ cents. Butter: January 1915, 24 to 28½ cents; January 1916, 32 to 33 cents.

EGGS—Canada produced \$30,000,000 worth of eggs in 1915 and helped out Great Britain in the shortage. Shippers as well as producers have a duty and an opportunity in holding a place in that market.

WRITE TO THE DOMINION DEPARTMENT OF AGRICULTURE AND TO YOUR PROVINCIAL DEPARTMENT FOR BULLETINS ON THESE SUBJECTS

Tens of thousands of Canada's food producers have enlisted and gone to the front. It is only fair to them that their home work shall be kept up as far as possible. The Empire needs all the food that we can produce in 1916.

The Right Spirit

We cannot all be patriots in the sense of appearing as such in public; but those of us to whom the privilege of platform speaking, or even of persuasion, is denied can by force of example declare ourselves. This form of patriotism is denied to no man. In exercising it we are serving God and performing a duty owing both to ourselves and to the country. We are also encouraging emulation. How far, or even in what direction, that may reach none of us can foretell. To the true patriot, it will be enough to know that within his power he is doing all that may be done. The extent of his personal influence will not trouble him so much as the knowledge that he is bending all his best efforts to accomplish something useful in life will inspire him.

It is this spirit that paramount to all else without exception; we are specially called upon at this juncture to exercise. The man who fails is in a minor sense almost as much a traitor to his country as the man who is false to his place of birth or to the land of his adoption.

It is in this spirit—the right spirit—that we are summoned to the fight that the Empire is waging for the liberty of all people, the freedom of every nation, and the rigid observance of treaties and international engagements. By being activated to it, no man will fall short in the responsibilities entailed by citizenship. It is this spirit that the campaign for production and thrift has been launched to develop and encourage.

No man or woman is justified in ignoring the call. He or she who recognizes it to the full by such useful production as lies within his power is fulfilling a God-given duty. He who is guilty of waste, of wilful extravagance, of woeful selfishness, places himself beyond the pale of Christian duty. This is a truth that one and all need to recognize and

that in recognizing will bring into activity the right spirit. In producing and in saving, in practising a wise economy, we may not be doing as much as the soldier in the trenches who is exercising that divine quality of offering his life for his friend, but we shall, at least to some extent, show a becoming appreciation of the existing order of a "fair." And this is possible to every man, be he lawyer, doctor, merchant, farmer or a common day-labourer.

THE BRITISH PREFERENCE

Did the Budget Weaken It?—Increased Revenue Necessary—Some Figures

Free traders and those who want to lower our tariff oppose the recent increase of five per cent. in the duty levied on British goods entering Canada on the ground that such action is "particularly objectionable in the fact that, instead of favoring, it is placing extra barriers against Great Britain's trade with Canada."

The fact is carefully ignored that a measure which increases the general tariff by 7½ per cent. and the British Preference by only five per cent. gives the British manufacturers an advantage of 3½ per cent. greater than that which they enjoyed before the measure was put into effect.

For example, take the case of an article formerly dutiable under the general tariff at thirty per cent.

The advantage of the British manufacturer was as follows:

Foreign article paid.... 30%

British article paid.... 20%

Advantage of British over foreign article.... 10%

The new regulations alter the situation as follows:

Foreign article now pays.... 37½%

British article now pays.... 25%

Advantage of British over foreign article now.... 12½%

Our three tariffs—British Preference, Intermediate and General Tariff are relative, and if the relation is maintained when a general increase is made, it is obvious that those enjoying the lowest tariff receive an advantage over those affected by the higher tariff.

Concern for the manufacturers of the United Kingdom is not the chief motive actuating those who oppose the tariff measures. They see an opportunity to strike another blow against

the policy of Protection, which they hope will be a popular blow, because the economic aspect of the case is overlooked in the military fervor of the moment.

AUCTION SALES.

"THE LAND TITLES ACT."

In the matter of the Land Titles Act and Amending Acts, and in the matter of certain Mortgages (No. 3433, x.) made by Gertrude I. Karroop to Minnie Moore Fawcett covering the South-West Quarter of Section (23) Twenty-Three in Township Twenty-Eight (28), Range One (1) West of the Fifth Meridian in the Province of Alberta.

ADVERTISEMENT

MORTGAGE SALE OF PROPERTY

Pursuant to the directions of the Registrar and by virtue of the Powers of Sale provided by The Land Titles Act, holder of a mortgage which will be produced at the time of sale.

There will be offered for Sale by Public Auction, at the Alberta Hotel, in the Village of Crossfield, in the Province of Alberta, on Wednesday, the Seventeenth day of May, 1916, at the hour of Two-Thirty o'clock in the afternoon, the following property, namely: the South-West Quarter of Section Twenty-Two (22) Township Twenty-eight (28) Range One (1) West of the Fifth Meridian in the Province of Alberta.

Terms of sale to be 20 per cent. cash at time of the sale and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances, save: any seed grain leases that may be outstanding, and taxes for the current year.

The vendor is informed that the above property is situated about 1½ miles from the village of Crossfield, in the Province of Alberta, and that the land is in a rolling, fifteen (15) acres being good arable land, 115 acres good only for pasture and hay and 20 acres coulees. The soil is black loam mixed with gumbo and subsoil is clay. There are no buildings on the property and none of the land is under cultivation.

For further particulars and conditions of sale apply to McLEAN, PATTERSON AND BROAD—Vendor's Solicitors, Calgary, Alberta, this Fourth day of April, A.D. 1916.

McLEAN, PATTERSON & BROAD,
Approved, A. T. Kinnaird,
Vendor's Solicitors,
Deputy Registrar.
